

Dear parents,

The home/school connection is so important for all children. Daily homework is a great way to generalize learning and maintain skills. Daily homework will also allow you to be actively involved in your child's learning.

Each week, we will send home a weekly homework page.

There is a section for each day of the week. Please help your child find the correct part to complete each night. Your child will respond to the homework questions in a notebook or on a separate sheet of paper. Make sure they write the date for each night of homework.

Try to let your child complete as much as they can on their own. The goal is independence! The repetition and structure of these weekly homework pages will help your child do more on their own. Please send back the homework each day for me to check at school.

If you have any questions or concerns, please let me know!
